BEST ACCOMMODATION

HOMY INN

Homy Inn offers backpackers a quiet and relaxing place to rest their heads above the noise and energy of the streets below. The new hostel has a minimalist vibe, with clean, sharp lines giving it an ultra-modern feel, and the rooms are compact and comfy with no unnecessary clutter. Don't think Homy Inn is soulless however – the friendly staff always do their best to make sure that your stay is filled with "harmony, hilarity and of course, happiness". Homy Inn's biggest attraction however is its location, with metro stations, local shops and restaurants literally on the doorstep.
